

Pioneer Valley Orthotics & Prosthetics is Moving its Northampton location

After many years of seeing our patients at the Cooley Dickinson Hospital Rehab Department we are moving our Northampton Location. The hospital is growing and expanding and remaining on the main campus is not possible. As of **MAY 1, 2014** we will be at our new location, less than 5 minutes from the hospital. There is plenty of parking and the building is fully accessible by wheel chair. It is very close to both I-91 and Route 5. For now our office hours in Northampton will remain on Tuesday's by appointment. Our main office and Pittsfield office locations will remain the same. All appointments will still be made through the main office number.

Pioneer Valley Orthotics & Prosthetics, Inc.
